**02-R-1628**

**WHEREAS**, the citizens of Atlanta are having to deal with delays in getting to and from work or whatever their journey; and

**WHEREAS**, this delay is due in part to the massive amount of construction that is being done in the city's rights-of-way throughout the City of Atlanta; and

**WHEREAS**, this type of construction will continue due to the large number of private construction projects planned for the City of Atlanta along with a large number of public projects driven by the two Consent Decrees; and

**WHEREAS**, the citizens of Atlanta have complained to their City representatives that the amount of construction is an inconvenience; yet they understand it is necessary for the revitalization of their communities; and

**WHEREAS**, construction/building permits are issued prior to the construction taking place and could be disseminated in a timely manner to the Council Member of the affected district; and

**WHEREAS**, this information is readily available from the Department of Public Works and the Bureau of Buildings; and

**WHEREAS**, the citizens of Atlanta would greatly appreciate having this information in a timely manner so that they can better traverse the streets of Atlanta.
